Accompanying notes:

- When agreements on processing (pursuant to Art. 28 GDPR) are concluded between AEB and its customers, a list of the currently used subcontractors is provided.
- This documentation is used to inform AEB customers about the currently used subcontractors.
- Further provisions (about using subcontractors) can be found in the agreement on processing concluded with the AEB customer.
- The AEB customer is made aware that AEB usually commissions subcontractors for a large number of AEB customers.
- The AEB subsidiaries outside of EU mentioned above are
 - wholly-owned by AEB (100 per cent subsidiaries)
 - regarding data protection contractually integrated through internal DPA (data protection agreement)
 - covering only a few AEB customers with support services
- Depending on the contractual situation with the AEB customer, other constellations of direct processors and subcontractors are also possible, such as when directly commissioning an AEB subsidiary.
- If you have any questions concerning data protection at AEB, please contact <mailto:dataprotectionofficer@aeb.com>.
