AEB....

PRESS RELEASE

AEB's free 2016 webinar programme is now open for registration

- **One-hour solution webinars for supply chain and global trade management**
- **Webinars run from 12th January 2016 to 13th December 2016**

Leamington Spa, 18th December 2015 **– AEB, one of Europe's leading providers of global trade and supply chain management software solutions, is offering a series of free webinars throughout 2016. Highlighting how to improve operational and regulatory efficiency with the help of AEB's solution ASSIST4, the webinars run between 12th January and 13th December 2016. Participants can register at www.aeb.com/demo.**

Supply chain and global trade professionals across all industry sectors have the opportunity to find out about the latest supply chain management and global trade software solutions without leaving their desks. AEB's free 60-minute online demos provide an overview of how to optimise and secure global trade and logistics processes. Following their registration on AEB's website, participants will receive their personal log-in details from their AEB host prior to the webinar. The following webinars are now open for registration:

Securing your Supply Chain

- Tuesday, 12th January 2016 at 10am
- Tuesday, 11th October 2016 at 10am

Find out how to secure your supply chain - including global trade and logistics processes and overall transparency - with ASSIST4 software solutions.

Compliance & Risk Management

- Monday, 8th February 2016 at 10am
- Tuesday, 10th May 2016 at 10am
- Tuesday, 13th September 2016 at 10am

This webinar explains how to efficiently manage export controls and global trade compliance programmes with ASSIST4 in line with national and international laws.

Transport & Freight Management

- Tuesday, 8th March 2016 at 10am
- Tuesday, 14th June 2016 at 10am
- Tuesday, 8th November 2016 at 10am

This webinar shows how to optimise shipping and freight cost management processes with ASSIST4, from order to delivery including carrier connections.

Warehouse Management

- Tuesday, 12th April 2016 at 10am
- Tuesday, 9th August 2016 at 10am

This webinar demonstrates how to run productive warehouse operations with ASSIST4, including warehousing strategies, system integration, and visibility across facilities.

Visibility & Collaboration Platform

- Tuesday, 12th July 2016 at 10am
- Tuesday, 13th December 2016 at 10am

This webinar helps participants to obtain a clear view of their supply chain - and all processes, events, and milestones within - using ASSIST4 solutions, including partner integration.

Claire Umney, General Manager at AEB (International) Ltd, said: "Professionals in all industry sectors are under pressure to keep up to date with developments in supply chain management and global trade in order to keep a competitive edge in ever more challenging market environments. During our free webinar programme, AEB experts will offer insights on how to improve operational and regulatory efficiency and establish comprehensive transparency across supply chain networks with our comprehensive solution suite ASSIST4."

About AEB (www.aeb.com/uk)

AEB is one of Europe's leading providers of supply chain logistics software and has been delivering solutions to customers for over thirty years. The company has over 5,000 customers worldwide, supported by offices in the UK, Germany, Singapore, Switzerland, Sweden, the Netherlands, Czech Republic, France, and the US. AEB's core product - ASSIST4 - is the comprehensive solution suite for all logistics processes in global business. ASSIST4 offers a complete set of business services for end-to-end logistics, including international goods movements, making it possible to standardise and automate business processes in supply chain execution. ASSIST4 also creates transparency and provides a reliable basis for making the right decisions about the planning, monitoring, control and continual optimisation of supply networks, even beyond the boundaries of the business. The ASSIST4 suite offers full functionality via a wide range of modules including Visibility & Collaboration Platform, Order Management, Warehouse Management, Transport & Freight Management, Customs Management and Compliance & Risk Management.
